Borovnica, 17.01.2019

Predsednik FZS:
Igor Debevec

1st Female World 2019

In November last year I had a privilege to be a member of jury for FIAP salon in Konya. For photographers is judging always an exciting and challenging event. This is an opportunity to see many different pictures, learn from them and also very good opportunity to meet other photographers and discuss photographic issues. Being together with Reha was a great chance to exchange experiences and to let our ideas to fly.

When describing him our 8th March exhibition of the female members of our Janez Puhar Photo Society, Reha come up with an idea to organize similar event between our two clubs. Later we discovered that in Janez Puhar Photo Society is about 5 times less female authors as in his Sille Sanat Sarayi club. The solution was to extend the event from our club to our federation and the number of female authors become comparable.

At this event participated 113 authors with 443 works. 56 works from each side was accepted. Thanks to all participating authors to enable such an event, and congratulation to the authors of all accepted and awarded works!

Now when the event is almost finished I already think about making this event more international and ask at FIAP for Auspices next year.

Vasja Doberlet, MF FZS, MFIAP, EFIAP/p, ESFIAP
vice president of FZS

Photography is my hobby. I am enjoying my self when I am busy in photography. I know that photography is just a game for us. And female members of our associations are the flowers of our game land.

It was a great honor for me to organise a competition just for female authors. I am sure that it is the same for my colleague Vasja Doberlet. I appreciate him for his great work in this common project of Photographic Association of Slovenia and Sille Sanat Sarayi. I want to thank to all participants for their support to this enjoyable game. Not just the award winners, all of them are winner in my heart. I want to thank to Igor Debevec, the president of Photographic Association of Slovenia for his support.

I hope, this Project will be a good sample for other association in different countries of the World and we do the second exhibition between many groups female members.

I am already excited for the second competition in 2020.

With all my best wishes to all of you.

Reha BİLİR, president of SSS
